展会简介 EXHIBITION GENERAL

轴承被称为“机械的关节”，用途十分广泛，只要有工业存在，就有轴承需求，轴承的核心品质是一国工业水平的晴雨表，经过近几年的发展，我国已经迈入轴承工业大国行列，已经形成一整套独立完整的工业体系。随着相关技术的完善，我国轴承行业产量及销售均实现了较快的增长。目前，受资金、技术限制影响，我国轴承产品主要集中在中低端领域。另外国内市场上，主要由外资企业、国有企业和民营企业占据主要市场，其中民营企业占据主要比重。随着下游需求的扩大、行业相关技术的不断提升，我国轴承市场有着广阔的发展空间。

为顺应产业需求，广东智展展览有限公司联合国内外多家行业组织机构，于2021年7月1—3日在深圳举办轴承及制造技术展览会。届时将邀请行业内知名专家，企业参与其中，为展商拓展业务、获取资讯、结交客户、寻找合作伙伴提供更多的机会。为行业发展提供更多的合作交流机会，推动中国轴承产品全面进入全球采购体系，与世界各国轴承产业共同发展进步。

Bearings are called "mechanical joints" and have a wide range of uses. As long as there is an industry, there is a need for bearings. The core quality of bearings is a barometer of a country's industrial level. After recent years of development, China has entered the ranks of bearing industry and formed a complete set of independent industrial systems. With the improvement of technologies, China's output and sales volume have grown rapidly. Nowadays, China's bearings are mainly concentrated in the mid to low-end sectors by capital and technical restrictions. In addition, foreign-funded enterprises, state-owned enterprises and private enterprises occupy the main market, of which private enterprises occupy the main proportion. With the expansion of downstream demand and the continuous improvement of industry-related technologies, China's bearing market has a broad space for development.

To meet the needs of the industry, Wise Exhibition (Guangdong) Co., Ltd. will hold Shenzhen International Bearing Industry Expo on July 1-3, 2021, in conjunction with overseas and domestic organizations. Well-known industry experts and enterprises will be invited to participate in the exhibition, which can expand business, obtain information, make friends and seek partners. The exhibition will provide more opportunities for the industry to cooperate and exchange, promote the full entry of Chinese bearings into the global procurement system, and progress with the global bearing industries.
